Jana Checkley,
Director of Higher Education and Skills for RNN Group

Meaningful insight into future of education

YOUNGSTER took a group of 100 young people to the site of the new building at Rotherham College. The group was accompanied by a group of construction workers who were explaining the various stages of the building process. The group was also given a tour of the site and saw the progress of the building. The group was also given a tour of the site and saw the progress of the building.

GARETH DENNISON

Uni will create 'skills and jobs revolution'

ROTHERHAM College announced a major new project to build a new £100m construction work officially started on its site. The project is a major development for the college and will create a new campus for the college. The project is a major development for the college and will create a new campus for the college.
